will remain in force as long as it was advantageous."

"Will the new regime be a lasting Co. 200-206 Centre at., Gem Novelty Co. 200-206 C

"Will the new regime be a lasting one?"

That is a question I cannot answer, said Dr. Huntington. "Beyond a doubt the Kemalists have shown an organization far beyond anything we believed possible and they have developed the resources of the country from a productive standpoint remarkably. By that I mean that they have made it possible for the army to subsist engirely on the resources of the country, which no one class was been able to de before them. It is true that their methods have at times been drastic, even to commandeering 40 par cent, of all stores, including the gasoline supply of the Near East Bellef at one time, but nevertheless it Bellef at one time, but nevertheless it

to for any length of time; out of a hundred Turkish students who may en-roll in the college perhaps one may graduate; their initiative zeal in the past has soon burned out. Perhaps with the new regime it will be all different and the success of the Lau-sanne Conference marks a new era in the Near East."

The Sun Shipbuilding Company. Chester, Pa., has received the award for reconditioning the Munson liner Covedale for about \$130,000 A 900 brake horse-power, 6 cylinder, 4 cycle Mc-Intosh & Seymour Diesel engine and new electrical auxiliaries will be installed.

The Alderton Dry Docks Company was low bidder at \$12,290 for repairs to the Shipping Board steamship Liberty.

The Commonwealth and Dominion Line is sending the Port Curtis, a late addition to its fleet, in ballast from England, to sali from New York December 22 by way of the Panama Canal to Brisbane, Sydney, Melbourne and Adelaide, according to an announcement from Funch, Edye & Co. The Port Curtis will attempt to lower the record of the Port Adelaide, which made Brisbane in thirty days from New York.

Bids for repairing damage to the Valdura when she went aground in the Hawailan Islands were opened at the office of Macfarpane Garmany & C. 23

LIBERTY BONDS PUT UP AS BAIL FOR RED

Michigan Not to Try Radicals Until After January 1.

John Quinn, general manager of the Sgitcovich Lines at Galveston, and formerly district manager of the Shipping Board at New Orleans, is in New York for a few days.

Andrew F. Moran, traffic manager of the Robert Dollar Company, is here on his way from the Pacific coast to London.

The steamship Lewis Luckenbach is bringing 2,000,000 pounds of prunes and canned fruit from Portland, Ore. The total movement of prunes from Portland this month is around 16,000,000 pounds.

A heavy movement of linseed from Brazil is under way, the Shipping Board steamship Labette, operated by the Munson Line, having been chartered for a full cargo at \$5.50 a ton. The new tariff is responsible, as under the old duty English manufacturers of linseed oil were able to send the refined product here.

The United Fruit liner San Mateo is being reconditioned and converted to oil burning by the installation of Todd mechanical burners at the Mobile plant of the Todd Shipyards Corporation. The cost will be about \$50,000.

### THE STORY OF REVILLON FURS

# Waiting for a Seal

THE seal is a mammal and must breathe about I once in twenty minutes, so the Eskimo hunter waits patiently over a blow-hole for the animal to come up. The seal, however, has a number of blowholes and sometimes the hunter must wait a long time for his prey. He must maintain his attitude of readiness for the necessary quick sharp thrust, and absolute quiet is essential as the seal is one of the most intelligent animals.

No. 127-Life at a Revillen Post

Real Seal

Genuine seal is the dressed and dyed skin of the fur seal, a different species from the hair seal for which this Eskimo is waiting in the picture. Real seal is one of the most beautiful and durable of furs for coats and wraps and is shown in a number of excellent models for this season.

Fifth Avenue at 53rd Street
